- ◆ 'Photograph Permission' form which you need to return signed if you **do not want** your child's photo to appear in our publications or website.
- ◆ 'Parent Consent Form' to cover us for taking children out on trips. It is really important that you complete and return this for each of your children. Thank you for your support in this matter.

We are now in the throws of our Autumn and Easter Festival so more to report next week.

Board of Trustees, bi-election

The Waikato Waldorf School is seeking **three** new parent representatives on the Board of Trustees.

If you are interested to see what it's like to be on the board, this is a great opportunity to dip your toe in the water as the appointment will be for 12 months with a full board election in May of 2019.

Being a school trustee is a very important and rewarding role. Trustees are active leaders in our school and need to be able to work well in a team, ask challenging questions and have good communication skills. Having a board of trustees with a range of skills and experiences is important, however just as important is the motivation and commitment to making a positive difference to our children's progress, learning and development.

We hold the children at the heart of all we do.

If this sounds like you, I encourage you to complete a nomination form and put yourself forward to support our school and community. If this letter sparks your interest and you would like to know more, please feel free to contact me directly. If it's not you, but you know of someone in the community you think would be ideal for the role, invite them to nominate themselves, or you can nominate them.

A nomination forms will be sent to every parent by the 20th April and completed nomination forms must be returned by Friday 4th May.

Andrew McFadden

(Board Chair, on behalf of the board of trustees)

The Anthroposophical Reading Group

Come and join us after the Easter break for a final Easter lecture. It has been interesting reading and discussing the first three Easter lectures (from The Festivals and Their Meaning -also available online in the RS Archives) and is proving simpler reading than some of Rudolf Steiner's other work. This highlights to me that anthroposophy is for anyone, across all professions, interests and beliefs. When it touches our understanding and everyday living experience then it has been useful.

Our next topic will commence in the second term and we begin by looking at the twelve senses in relation to imagination, inspiration and intuition, from a lecture given in 1920.

Reading dates- we are considering changing to Monday evenings if this would make it possible for some of you to join with us – please let me know if you are one of those!

For Easter, enjoy the time with your family.

CALM WITHIN

Kia ora koutou katoa, I am Maria Adlam the coordinator at Rimu Cottage Play circle, I have been teaching for 21 years and have been working within the Waikato Waldorf community for 6 years.

My most recent role has been the working with children and parents in Play circle and providing Parent Education for the families within the our Early Childhood community. From this work I have gained greater insights to the ever increasing demands on parents and it has been my great interest to support them both on their parenting journey and their journey as an individual and trying to create space for both. This interest prompted me to train as a Progressive Counsellor which is a holistic counselling practice that looks at the whole person and the needs they may have and how to support them progressive forward into their true potential.

I run three Play circle sessions per week: Tuesday, Wednesday and Thursday. The rest of the week I generally work from my treatment room at home which is where I run by business 'Calm Within'; here I offer Progressive Counselling and Reiki sessions. These sessions are professional and confidential.

For more information on Progressive Counselling, Reiki or Parent Education support, please contact me at maria@calmwithin.co.nz

Energy healing with Chris McIntosh

Do you feel like you're treading water everyday? Existing and living life the same way day after day, week after week, year after year? Do you feel like you are trapped, held hostage by your emotions?

What if I told you I could give you your power back? You are entitled to live freely, free from stress, pain, ill health, fatigue, overwhelm, and judgement.

Are you waiting to die or waiting to live?

If you are ready to live, to heal and be free then contact me to discuss how the [Emotion Code](#) and [Body Code](#) will work for you, for your children and for your animals too. Often we think our pets are just born that way or just like to cause us trouble! Most of our pets are suffering from trapped emotions just as we are.

I want to help your heart be open to receive all you deserve and break down your ["Heart Wall"](#)

The healing I do is a hands off approach. I enjoy working in person with you in order to help you overcome practical stressors in your life and can also work remotely.

Are you ready to turn your life around and choose a positive, free and fulfilling life?
